

# Goal Setting Guide

## Sixth Grade

Name: \_\_\_\_\_

In **sixth grade**, students are beginning to wonder about themselves and their future. Eager to know what their place in the world will be, they are exploring and discovering their talents. The sixth grader may enjoy books about other students on this journey of self-discovery, as well as books related to their own talents and interests. We recommend that sixth graders read 300 minutes the first three months and increase by 50 minutes each of the last three months.
